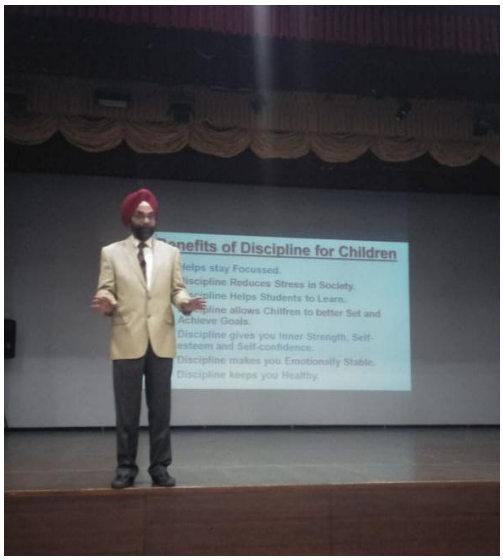
Workshop- Discipline by Major General Harkirat Singh



'Motivation gets to going but Discipline keeps you growing'

To instill the value of discipline among the students, Sat Paul Mittal School organized a workshop on Discipline. The resource person for the same was Major General Harkirat Singh, Grandfather of Avveer Singh of class V and Deliza of class III. He laid emphasis upon self-discipline as a key to success, the magic power that makes you unstoppable. He believed that one should not be disciplined for the fear of punishment. He gave an insight into the benefits of discipline for children that how it helps them to learn, stay focused and be stress free. The resource person made the students realize about the importance of discipline through a game, wherein they were supposed to follow certain instructions, and they played the game with full zeal and enthusiasm. He also emphasized that even the religious scripts promote the path of self-discipline, which would further lead to growth and development of the country. The students actively participated in the workshop and enjoyed it to the fullest.
