

**Hands-on experience on ‘Research Methodologies’
ETMA Workshop for Teachers at Sat Paul Mittal School
7th- 8th July, 2016**

Sat Paul Mittal School has become a global brand and an epitome of success in the field of research and education. The school has always been known for its excellence in imparting education since its inception. This has been possible because of its most dedicated and versatile teachers. Recently the school conducted a workshop for its teaching faculty on 7th and 8th July, 2016. The Workshop was facilitated by Prof. Madhu Parhar and Dr. Subhash Chandra, renowned Professors and Consultants from Educational Technology and Management Academy, New Delhi.

The workshop was conducted keeping in mind the research work done by the teachers. It was a very informative workshop which was attended by 35 teachers on ‘How to write and present a Research paper?’ Various components of a Research Paper and its objectives were discussed in detail. A number of designs and data collection methods, sources, criteria’s, reviews, questionnaires, analysis and conclusions on a problem were also discussed. The workshop helped analyze various problems being faced in the field of education and provide plausible solutions using various methods of research. This will help the teachers in not only analyzing the problems they face in the classrooms but will also help them find a solution to it. It will help them improve upon themselves and improvise new pedagogical methods effectively in their teaching.

Prof. Marmar Mukhopadhyay, Chairman, ETMA praised the multifaceted role played by Sat Paul Mittal School as an educational institution and a trend-setter with a focus on holistic development of the students as well as teachers. He also said that the school has become a paragon in providing and re-inventing quality and innovative education by breaking old moulds of thought with great emphasis on training its staff. He lauded the efforts of the Management and the Principal for taking a number of initiatives in grooming the teachers as well as students as the total solution providers.
