

Learning Netiquette with Cyber Security

The digital world is changing at a very rapid speed, hence the need to educate the children about its safety and usage becomes pertinent. An elevating and edifying workshop on Cyber Security was conducted by Ms Monica Joshi, IT Head Sat Paul Mittal School and mother of Namya Joshi of class 4-A, The focus was on social media, browsing threat, internet bullying and age appropriateness of various on line games and applications apprising children about 'being cyber safe'. It was an eye opener for all about 'netiquette'. She answered every query put forth by the students. It was a meaningful insight into children's mind knowing about the depth of questions that they had in mind.
