

Aesthetic sense is required to hone the skills for the overall holistic development and help them become an empowered leader. A workshop on painting was conducted by Ms. Sameera Auluck mother of Aprajita Auluck of class IV – B and Ranveer Auluck of class IV -C. The workshop was extremely beneficial for the Satyans as it helped them to gain knowledge about a new technique of painting i.e. giving a 3- D effect with old crayons. The Satyans were quite inquisitive and got their queries sorted from the resource person. She told them about the varied techniques of using wax, oil pastels, and paper in the same painting. No doubt, the Satyans traveled into an imaginative and creative world of Art through the workshop.
