

## ***SAT PAUL MITTAL SCHOOL ORGANIZED SATYAN SHOWCASE DAY FOR CLASS I***

**“You can teach a student a lesson for a day, but if you can teach him to learn by creating curiosity, he will continue the learning process as long as he lives”.**

Education is not filling the pail but lighting of fire, this is done by developing curiosity for regular learning. This is done in the best way through learning by doing. Sat Paul Mittal School organized ‘Satyan Showcase Day’ for the students of Class I to display their concept grasping skill through various activities.

The Satyans showcased their work on the theme – ‘Communication and Transport’ through various activities done in the class. The event started with an introduction about the showcase and a brief explanation about the integration of all the subjects throughout the journey of Class I. Eventually the Satyans applied their ideas and presented their work differently in their own unique way. They described the pronouns through a beautifully drawn Book of Pronouns. The children talked about various safety rules with the help of a sheet made by them. Last but not the least, the event ended up with a song... “Communication is the way to go”. The entire event was a huge success.

Parents appreciated the efforts put in by the Satyans and looked forward to more of such events in the future. They were mesmerized to see their children showcasing their knowledge with utmost ease and confidence. The event also helped in building a better parent teacher relation. The showcase day was a part of the parent engagement programme to promote the holistic development of the children and to showcase the concepts covered in the month.
