

SATYANS TUNE INTO WORLD HERITAGE DAY

“So much of our future lies in preserving our past.”- Peter Westbrook

To mark the World Heritage Day on 18th April 2019, a special assembly was conducted by Sat Paul Mittal School on the theme ‘Seven Wonders of the World’. The aim was to sensitize students towards the different heritage monuments of the world and to educate children about protection, preservation and propagation of world heritage sites as these are invaluable assets for humankind. Whether it’s the Great Wall of China that can be seen from the moon, or the Taj Mahal that was built as a symbol of love, or the ruins of Machu Picchu holding the glorious history of the Incas - each one of them have something special to offer. The students were shown 360 degree view of the wonders of the world that provided them with a highly detailed, fully immersive experience. The mini replicas of the Seven Wonders of the World created by the students of classes IV and V using clay were a treat to watch. The students of classes II and III visited Museum of Rural life of Punjab at Punjab Agricultural University which is a perfect place to understand the cultural, religious, social life of rural and ancient Punjab. The children also became aware that it’s not a task of one, but we all need to come together for preserving these sites so that our future generations can also enjoy the beauty and grandeur of these sites.
