

Form Assembly at Sat Paul Mittal School- Shakespeare's The Merchant of Venice- an Interpretation

The fun, thrill and energy seemed to grow endlessly when the students of Class IX of Sat Paul Mittal School took the audience on a thoughtful ride to the Elizabethan era with the enactment of 'Merchant of Venice- a play written by the famous playwright William Shakespeare'. The students deftly captured the essence of the play to the best of their ability during the Form Assembly held on 26th April, 2019.

In the Form Assembly, the Satyans accorded a floral welcome to the guests which was followed by the lightening of the ceremonial lamp. The play opened with the authentic depiction of court scene where Shylock, the Jew wished to cut flesh from the body of Antonio who had failed to pay the loan. In the court, all pleas of mercy failed to impress Shylock, who disdainfully ridiculed the idea of mercy. This was further interpreted as per the present world scenario wherein there are rivalries between the countries and people wage war against each other. They fail to understand the futility of war and the need to be compassionate towards mankind.

The Satyans mesmerized the spectators through a play coupled with music and dance performances, depicting a meaningful message that, 'All that glitter is not gold' and 'Truth alone Triumphs'. The function ended with a Grand Finale; a scintillating dance performance. It was indeed a treat for the parents to enjoy the stupendous performance of their wards.
