

## ***Sat Paul Mittal School celebrated Teej with fervor***

Teej, as a festival, is a glimpse of our rich cultural heritage and by celebrating such festivals, the students get to imbibe the cultural values of Punjab. Today little Satyans celebrated the festival with earnest devotion. The young students and teachers, clad in colorful Punjabi attires, danced to the tunes of traditional Punjabi music, to celebrate the occasion. The children of class I performed energetic Giddha and traditional Bhangra on various folk songs in an enthralling dance competition. All the children participated enthusiastically and confidently and mesmerized the judges with their wonderful performance. The theme and venue was totally traditional and cultural-just like a village. The traditional Punjabi food and swings added to the aura. The celebrations brought exuberance and a chance for kids to get along with each other.
