

Satya Bharti School Visit- Classes VI and VII

The Satya Bharti School program is a unique program as it embraces communities of diverse, ethnic, linguistic and cultural backgrounds. It gives special focus on the girl child. Under privileged students are given free education, along with the mid-day meal. The students of classes VI and VII of Sat Paul Mittal School got an opportunity to visit Satya Bharti School, Mohie on 5th August, 2019. They enthusiastically shared their views on Water Conservation and celebrated the spirit of Friendship day by exchanging the friendship bands with them. The Satyans helped in serving the mid-day meal and planted saplings in the school premises of Satya Bharti School. Our students returned from Satya Bharti School filled with delight and exposure to a different way of life. This experience will certainly help them to get sensitized towards various segments of the society.
