

Student Led Clubs 2024-25

The Student Led Clubs provides the Satyans vast opportunities to explore and assimilate creativity, collaboration and problem solving in an immersive environment to fast-track their learning experiences as students. With leadership, teamwork, collaboration, communication and learning as the key goals, the Student Led Clubs aims at nurturing responsible citizens and empowered leaders of tomorrow. Scope of activities of Student Led Clubs 2024-25 is given below:

Mass Media Club-

Led by Manya Kathuria, the Mass Media Club is a fantastic way to explore various media skills like photography, videography, podcasts, and theatre. It fosters the development of creativity, storytelling abilities, and technical expertise. Whether you're capturing moments through a camera lens, recording captivating podcasts, or bringing stories to life on stage, this club will definitely expand your horizons and help you discover new passions.

Literary Club

Led by Pavaki Nanda and Navya Garg, the literary club is a place where creative voices are harmonized and free expression of thoughts is encouraged! Literature adds to reality, it doesn't simply describe it, and in this day and age, their goal is to bring together aspiring writers, poets and creative personnel and provide them a platform to showcase their creativity and to create a literary experience like no other!

The club activities include book reviews, monthly sessions, debates, literary fest and many more!

Business Management Club

Led by Ryna Goyal and Samaira Garg, the business management club offers a comprehensive array of activities to foster entrepreneurial skills. From pitch competitions and mystery mixers to interactive webinars and hands-on workshops, members engage in diverse learning experiences. Interactive storytelling sessions enhance engagement, while entrepreneurship panels provide real-world insights. A "Shark Tank" event invites pitches judged by stakeholders, with winners to be showcased at the Satyan Innovation Fest. Canteen visits deepen understanding of business dynamics, promoting holistic entrepreneurial development within the club.

Economics Club

Led by Ameya Jain and Gursifat Kaur, the Economics Club is one where passion meets practicality. It's a community dedicated to exploring the fascinating world of economics. What sets this club apart is their dynamic blend of fun-filled and educational activities. From engaging in lively debates on current economic issues, and research projects to organizing thrilling Monopoly tournaments that teach strategic decision-making, they aim to design every event to entertain and enlighten. Together, they uncover the secrets of supply, demand, and everything in between!

Heritage Club

Led by Namya Joshi, the Heritage Club stands as a beacon of connection and inclusivity within our school community, embodying the belief that understanding and appreciating our past is essential for building a vibrant future. With a commitment to fostering a deep sense of cultural pride and awareness, their aim is to empower students to embrace their roots and develop a profound love for their heritage and culture. Through a diverse array of activities such as heritage workshops, historical scavenger hunts, storytelling sessions, quizzes, and engaging expeditions, they stay true to their motto, 'CONNECTING CULTURES, CREATING COMMUNITIES.'

Art and Craft Club-

Led by Inayat Grewal and Vriti Bajaj, the Art and Craft club is a one of a kind opportunity for students to hone their creative skills and discover the joy of gifting. The club aims to give students the confidence and skill to be able to make personalised handmade gifts for friends and loved ones. This club includes various interesting activities, hydro dipping, bath bomb making and book binding, to name a few.

Publications Club

Led by Kyra Pahwa, the aim of this club is to make all its members informed, well-read and equipped citizens of the world. It provides aspiring writers and students who are interested to know more about the world of publication, an opportunity to develop crucial skills, versatility and the knack of critical reading and writing. By getting an hands-on- experience working as reporters and attending literary fests, the teachings of this club will surely stay with its members forever, as invaluable skills.

Music Club

The Music Club, led by Dishit Matta, serves as a nurturing space for budding musicians, with a focus on growth and achievement. It prioritizes the educational benefits of music, aligning with our school's values of creativity and collaboration. Through engaging the school community and involving passionate parents, they create a vibrant musical atmosphere. Partnering with esteemed music faculty, the Music Club offers professional guidance, while their regular performances and workshops foster confidence and pride in their members' abilities. Collaborative projects with the school band promote teamwork and camaraderie, enriching the musical journey for all.

AI Club

Led by Shaurya Verma and Rayansh Gupta, The AI club helps students build critical thinking and ignites a drive and interest in innovation. Hands-on experience with AI tools sparks creativity as students explore its potential. Engaging with AI systems hones problem-solving skills by teaching them to analyze and apply AI concepts.

Architecture

Led by Myra Dhir, the architecture club helps the Satyans build! It aims to promote design learning, practical applications and the development of technical skills. Its beautifully curated range of activities help students craft models for college portfolios, explore personal expression, and gain confidence in presenting their ideas. Get a head start - understand what colleges expect!

Investment

Led by Vidit Kapoor and Udyian Jindal, the objective of the investment club revolves around pooling resources, sharing knowledge, and collectively investing in securities to achieve financial goals such as capital appreciation, dividend income, or long-term wealth accumulation. This club aims to provide members with education, networking opportunities, and a platform for collaborative decision-making in the realm of investing. Range of activities include various case studies, investment strategy, stock analysis etc.

Aerospace Club

Led by Ekuday Singh, Vriti Sethi and Nidhish Mehta, the aerospace club works to promote interest and knowledge in topics relate to aerospace, technology, and scientific exploration. It involves activities such as building and launching model rockets, designing and testing small unmanned aerial vehicles (UAVs), organizing field trips to aerospace facilities, and hosting guest speakers from the aerospace industry. Members of the club have a chance to have hands-on experience in projects, collaborate on research, and participate in competitions such as rocketry challenges an drone flying contests.
