

Robo cup , a German-based educational robotic tournament spread across two days organized a Robo cup competition . Students of Sat Paul Mittal School were among the top ten teams from India in the recently concluded W. R. O 2017 i.e. World Robotic Olympiad at Genesis Global School, Noida. Abir Chadha Of class IV and Mridul Jain of class V have qualified for the national level competition. The team comprising from Sat Paul Mittal School came third all across Punjab. The team comprised of Vidit Kapoor, Idhant Mittal, Akshat Munjal, Udiyan, Shashwat, Kabir and Vivaan Gupta from class V. The competition was held on 7th and 8th October, 2017. With over 144 teams across the country, it was a neck to neck competition.

The aim of the International RoboCup community was to foster the development of intelligent robots by defining and executing competitions that are used by scientists and students from all over the world to test and demonstrate their robots in attractive, realistic scenarios. The competition was indeed a big success and gave the students chance to prove their effervescence and skills in technology.
