

Dear School Leader,

Innovation is the future!

At Sat Paul Mittal School, we firmly believe that change calls for innovation and innovation leads to progress. The future of entrepreneurship and Information technology is robust in the coming years. It becomes all the important for schools to build an ecosystem for nurturing and converting innovations into enterprises. This requires support for start-ups and for incubating young innovators at a nascent stage .In sync with this ideology, **Sat Paul Mittal School** in collaboration **AFS India, World Youth Council** and **Microsoft** presents **The Satyan Innovation Fest 2019** which brings the two wings of the bird of imagination together – **The Start Up Edge and The Satyan Gamification Challenge**.

**The Satyan Innovation Fest 2019** brings three exhaustive days of learning , innovation and empowerment from **2<sup>nd</sup> May,2019 to 4<sup>th</sup> May, 2019**.The Fest promises to stimulate innovative and entrepreneurial mindsets among young people and delve deep into gamification which presents the cutting edge of technology in the ever-changing education system. The most promising idea will receive mentorship and representation at the national level.

SIF celebrates the vast opportunities to explore and assimilate creativity, collaboration and problem solving in an immersive environment to fast-track the learning experiences of a student. This transformational competition is designed to inspire young people to become innovative change makers and to find roots into becoming entrepreneurs at an early age and to create more absorptive and collegial learning experience with the power of gaming. This synergy will help us to harness the talent of the young minds and help in the emergence of a new generation of innovator-entrepreneurs.

Your school being a significant member of the education fraternity and a thought leader to spearhead the initiative to create a culture of innovation, we look forward to your presence at the Festival. You are requested to click on the link for registration <https://bit.ly/2EPeeJW>

Should you require any further details, please do not hesitate to contact us at [spmschool2004@satpaulmittalschool.org](mailto:spmschool2004@satpaulmittalschool.org)

Let us all innovate to inspire.

With regards  
Bhupinder Gogia  
Principal
