

Labour Day Celebration

"Labour Day: A tribute to the contributions, workers have made to the strength, prosperity, and well-being of our country."

Labour Day is a commemoration of the social and economic achievements of the labor movement. This day celebrates the dignity of labour and recognizes the importance of fair and just working conditions for all individuals.

Keeping up with the above sentiments the Satyans of Sat Paul Mittal School made a small effort as 'Gratitude Day' to make a day memorable for their Didis and Bhaiyas, to thank them for their labour and for their dedication towards school.

On 2nd May 2024 the children of Classes II and III made sizzling paneer club sandwiches and the children of Class IV made delectable coconut laddoos to express their gratitude towards our **Satyan Super Force-The Support Staff**. The Satyans were trained to make the same beforehand by their teachers in the SUPW class. The children served the dishes themselves to convey their gratitude, love and appreciation towards our outstanding support staff who ensure a smooth functioning of this esteemed institution with their countless smiles, constant dedication and an ardent commitment towards their work. Watching the resolute Satyans serving the support staff with utmost affections was rather a treat for the eyes and heart touching. The effort they put, from keeping the school spick and span to ensuring a safe pick and drop of our Satyans and other countless roles is rather commendable and we are wholeheartedly indebted to them for the same.
