

Sat Paul Mittal School conducted a workshop on Cyber Safety

In a world increasingly driven by technology, the need for digital literacy and cyber safety awareness has never been more crucial. Recognizing this, Sat Paul Mittal School hosted a comprehensive cyber safety workshop for the students of Classes VII and IX students on 19th November, 2024 to equip them with the knowledge and

skills to navigate the online world safely and responsibly. This workshop was a part of school's prestigious Parent Engagement Program.

The workshop was led by Ms. Priyanka Chawla, mother of Ewa Chawla of Class VII C, to provide students with a comprehensive overview of cyber security best practices. Ms Priyanka Chawla, a marketing product and commercial professional with more than 18 years of experience in Telecom and Finance Industry, currently looks after virtual finance lending of her NBFC-Up Money Ltd. From understanding the importance of strong passwords and two-factor authentication to recognizing and mitigating phishing attempts, the session covered a wide range of topics designed to empower students to be proactive in protecting their digital footprint. The students also learned so much about the importance of protecting their personal information and how to recognize and respond to potential cyber threats.

The workshop encouraged students to adopt safe browsing habits, recognizing phishing attempts, and the importance of strong passwords. By fostering an open dialog, Ms Priyanka was able to address the unique concerns and challenges faced by today's tech-savvy youth, empowering them to make informed decisions about their online activities. The successful workshop is a testament to the school's dedication to providing its students with a well-rounded education that prepares them for the challenges of the 21st century.
