

Design Thinking Masterclass by Dr. Anunaya Chaubey, Vice Chancellor of Anant National University, Ahmedabad

Sat Paul Mittal School was proud to host a thought-provoking Design Thinking Masterclass on 17th April 2025, conducted by Dr. Anunaya Chaubey, Vice Chancellor of Anant National University, Ahmedabad—India's first DesignX university. The session was part of the College and Career Readiness Program aimed at broadening students' horizons and exposing them to unconventional yet impactful career paths.

Dr. Chaubey, an esteemed academic with deep expertise in English literature and interdisciplinary education, offered rich insights into the evolving field of design. He emphasized understanding design not merely as an artistic pursuit but as a structured, problem-solving discipline rooted in empathy and creativity. Through engaging activities and real-world examples, students were introduced to the process of ideation, prototyping, and innovation.

The workshop successfully sparked curiosity among students, helping them gain a fresh perspective on the scope of design and its relevance across industries. Dr. Chaubey also shared inspirational stories of student-led innovations. Ms. Rutvi Ashar, Director for Strategic Development and Assistant Professor at Anant University, invited participants to join Anant University's Summer School Program to explore design further.

The session was a resounding success, leaving students inspired to think creatively, innovate fearlessly, and explore new-age careers in design.
